Indexer Mrs. Sophie Adams

Clerks Mrs. EILEEN G. CLARK, Mrs. EDNA A. HADLEY,

MARGUERITA D. PAYNE, MRS. SHIRLEY SHORLAND

The Bureau, one of ten Commonwealth Agricultural Bureaux, was established at Rothamsted in 1929. Administratively and financially the Bureau is distinct from the Station, but the two work together closely. The Director of the Station is Consultant Director of the Soil Bureau.

The function of the Bureau is to assist workers in soil science throughout the Commonwealth. A bi-monthly abstract journal Soils and Fertilizers, covering the literature of soil science, fertilizers and the culture of field crops throughout the world is published, together with occasional monographs—Technical Communications—on subjects of general interest.

The work of the Commonwealth Agricultural Bureaux is recorded in

its own report published annually by the Stationery Office.
