The Bureau, one of ten Commonwealth Agricultural Bureaux, was established at Rothamsted in 1929. Administratively and financially the Bureau is distinct from the Station, but the two

The function of the Bureau is to provide an information service for workers in soil science, primarily throughout the Commonwealth but also throughout the world. Publications include:

work closely together. The Director of the Station is Consultant Director of the Soil Bureau.

Soils and Fertilizers—a monthly abstract journal covering the world literature of soil science, soil-plant relationships, fertilizer technology and fertilizer use.

Irrigation and Drainage Abstracts-a quarterly publication covering the world literature of water management and soil-plant-water relations.

Annotated Bibliographies on specific subjects.

Technical Communications-monographs on specialized topics.

Special Publications on subjects of general interest.
