## IRRIGATION

(IR)

The effect of irrigation on barley and spring beans - Great Field I and II, 1967.

### Design:

Barley: 2 randomised blocks of 4 whole plots, each split into 4.  
Spring beans: Single replicate of 4 x 2 x 2 x 2 x 2, with component of 5 factor interaction confounded and with split plot confounding.

### Area of each sub-plot:-

Barley:	0.0400.	Area harvested:	0.0212
Spring beans:	0.0321.	Area harvested:	0.0077

### Treatments: Barley: All combinations of:-

Whole plots: 1. Irrigation: None (O), early (A), late (B), full (C).

To 1/4 plots: 2. Varieties: Maris Badger (M), Impala (I).  
3. Nitrogen: 0.3 (N1), 0.6 (N2), as compound fertiliser (basal) plus 'Nitro-Chalk'.

### Spring beans: All combinations of:-

Whole plots: 1. Irrigation: None (O), early (A), late (B), full (C).

1/2 plots: 2. Residues of N to barley 1966: 0.5 (R1), 0.8 (R2) cwt N as compound fertiliser (basal) plus 'Nitro-Chalk'.

To 1/4 plots: 3. Row spacing: 10.5 (C), 21 (W) inches.  
4. Seed rate: 200 (L), 300 (H) lb.

1/8th plots: 5. Rates of PK: 400 (F1), 560 (F2) lb compound (0:14:28). 400 lb of these was applied as basal dressing.

Basal applications: Barley: 40 cwt ground chalk, 224 lb (15:15:15) combine drilled. Weedkiller: Mecoprop/2,4-D (Methoxone Extra at 6 pints in 35 gals).

Beans: 40 cwt ground chalk, 400 lb (0:14:28) broadcast by drill.

Weedkiller: Simazine at 1 lb a.i. in 32 gals. Insecticide: Demeton-s-methyl (Metasystox at 12 fluid oz in 37 gals also at 12 fluid oz in 3 gals - the second application by fixed-wing aircraft).

### Cultivations, etc.:-

Barley: Ground chalk applied: Nov 10, 1966. Ploughed: Nov 11 - 22.

Seed drilled at 140 lb: Mar 13, 1967. 'Nitro-Chalk' applied:

Mar 21. Weedkiller applied: May 11. Combine harvested:

67/C/7.2

Aug 22. Previous crops: Spring beans 1965, potatoes 1966.  
 Spring beans: Ground chalk applied: Nov 10, 1966. Ploughed:  
 Nov 11. Basal PK applied: Mar 18, 1967. PK dressings applied,  
 seed drilled, weedkiller applied: Mar 20. Insecticide applied:  
 June 14 and July 11. Combine harvested: Sept 8. Previous  
 crops: Potatoes 1965, barley 1966.

RAINFALL AND IRRIGATION: INCHES

Week- ending	Rain- fall	IRRIGATION					
		Barley			Beans
