## 67/S/SA/A/9 Saxmundham - Rotation 1

### Rothamsted Research

Rothamsted Research (1968) *67/S/SA/A/9 Saxmundham - Rotation 1* ; Yields Of The Field Experiments 1967, pp 33 - 35 - DOI: <https://doi.org/10.23637/ERADOC-1-157>

67/A/9.1

SAXMUNDHAM

ROTATION I 1967

(SA)

For history, treatments, rotations, etc., see Rothamsted Report for 1964, pp. 228 - 232 and 'Results' 66/A/10. For previous years' results see 'Results' 64/A/10, 65/A/10, 66/A/10.

The plots receiving FYM (excluding beans) received also 'Nitro-Chalk' at 0.5 cwt N (N1).

As large losses of nitrate were measured in the drainage water in early May, a test of extra N was made on the discard areas of the barley plots. There was a marked response, and the barley was therefore top-dressed on June 15 with 'Nitro-Chalk' at 0.25 and 0.5 cwt N to the N1 and N2 plots respectively. Sugar beet plots received similar extra dressings on July 18.

Cultivations, etc.:

Sugar beet: FYM applied: Sept 7, 1966. Ploughed: Sept 8.

P,K, bonemeal and 'Nitro-Chalk' applied: Mar 8, 1967.

Seed drilled: Mar 30, 1967. Singled: May 15 - 30. Sprayed with demeton-s-methyl: June 12 and July 7. Additional 'Nitro-Chalk' applied: July 18. Lifted: Sept 28.

Variety: Klein E.

Barley: FYM applied: Oct 27, 1966. Ploughed: Oct - Dec,

P,K and bonemeal applied: Mar 8, 1967. 'Nitro-Chalk'

applied, seed drilled: Mar 22. Sprayed with mecoprop/2,4-D (Methoxone Extra): May 26. Additional 'Nitro-Chalk' applied:

June 15. Combine harvested: Aug 17. Variety: Proctor.

Spring beans: FYM applied: Nov 4, 1966. Ploughed: Nov - Dec.

P,K and bonemeal applied: Oct 13. Seed drilled at 260 lb:

Mar 13, 1967. Sprayed with simazine at 1 lb in 32 gals:

Mar 25. Sprayed with demeton-s-methyl at 3 oz in 37 gals:

June 12. Combine harvested: Aug 24. Variety: Spring Tick.

Winter wheat: FYM applied: Sept 7. Ploughed: Sept 8. P,K

and bonemeal applied: Oct 13. Seed drilled: Oct 14.

'Nitro-Chalk' applied: Mar 15, 1967. Sprayed with mecoprop/2,4-D (Methoxone Extra at 7 pints in 20 gals):

Apr 27. Combine harvested: Aug 17. Variety: Cappelle.

67/A/9.2
