# Yields of the Field Experiments 1974

[Full Table of Content](#)

## 74/S/B/1 Varieties, N and Fungicide - Barley

*74/S/B/1 Varieties, N and Fungicide - Barley*, Rothamsted Research (1975) Yields Of The Field Experiments 1974, pp 316 - 319 - DOI: <https://doi.org/10.23637/ERADOC-1-119>

74/S/B/1

SPRING BARLEY

VARIETIES, N AND FUNGICIDE

Object: To study the effects of three nitrogen levels, applied to seedbed or as a top dressing, on the yield of three barley varieties. The effects of a fungicide against brown rust are also studied - Saxmundham, Grove Plot.

Sponsors: F.V. Widdowson, A. Penny.

Design: 3 randomised blocks of 9 plots split into 2.

Whole plot dimensions: 2.44 x 12.2. Sub plot area harvested: 0.00051.

Treatments: All combinations of:-

Whole plots: 1. Varieties:

	VARIETY
Julia	Julia
Mazurka	Mazurka
Midas	Midas

2. Nitrogen fertiliser (kg N): N RATE

50	50
100	100
150	150

3. Time of applying nitrogen: N TIME

All to seedbed on 21 Mar, 1974	Seedbed
Half to seedbed, half top dressed on 21 May	SB/TD
All top dressed on 21 May	Topdress

Sub plots: 4. Fungicide spray against brown rust: FUNGCIDE

None	None
Benodanil ('BAS 3170F') at 2.8 kg in 560 l on 19 June and 10 July, 1974	Benodani

NOTE: Nitrogen was applied as calcium nitrate.

Basal applications: Manures: (0:20:20) at 290 kg. Weedkiller: Dicamba with dichlorprop and MCPA ('Mephetol Extra' at 5.6 l in 560 l). Fungicide: Tridemorph at 0.53 kg in 560 l.

Seed: All varieties, dressed with ethirimol, sown at 190 kg.

74/S/B/1

Cultivations, etc.:-- Ploughed: 9 Oct, 1973. Basal PK applied and seed sown: 21 Mar, 1974. Tridemorph applied: 21 May. Harvested by hand: 21 Aug. Previous crops: Barley 1972 and 1973.

NOTES: (1) Brown rust (*Puccinia hordei*) and mildew (*Erysiphe graminis*) were assessed on 10 July.  
(2) There was evidence of a fertility trend across the site and yields adjusted for trend are presented.

Standard errors per plot. Grain: tonnes/hectare.

Whole plot: 0.176 or 3.8% (6 d.f.)

Sub plot: 0.307 or 6.6% (7 d.f.)

74/S/B/1

TABLES OF MEANS
